TRAGEDY IN DUBLIN.

DISTRICT POLICE INSPECTOR SHOT DEAD IN THE STREET.

FIANCEE'S PLUCKY ACT.

MANY POLICE RAIDS FOLLOW MURDER BY MASKED MEN.

LONDON, December 18.

A district inspector of police was shot dead in a street in Dublin by two masked men.

Later.

The Inspector was shot while walking with his fiancée who pluckily seized the first man whose companion then fired at the inspector point blank.

The murder was followed by numerous police and military raids throughout Dublin. Tramway passengers and pedestrians were searched. No arrests were made.

LATE MR. MCSWINEY'S CHAPLIN ARRESTED.

Father Dominic, the late Lord Mayor of Cork's chaplain at Brixton, has been arrested in Dublin.

Later.

The Crown forces raided the priories in Dublin and arrested Father Dominic, Chaplain of the late Lord Mayor of Cork, Mr. McSwiney. The priests were turned out of their beds and the monastery apartments searched. The attitude of the forces was most respectful.

WASHINGTON, December 18.

A new treaty of commerce and navigation has been signed between the United States and Siam granting Siam full juridical autonomy. A protocol provides for the surrender of America's territorial jurisdiction.

AMERICAN ESTIMATES.

STRONG PROTEST AGAINST HUGE EXPENDITURE.

LONDON, December 18.

The Daily Mail correspondent at New York reports that Mr. Mondell (Republican) moved in the House of Representatives a resolution of the Government estimates for 1921 by \$350,000,000 as a protest against the huge Government expenditure.

Mr. C. A. Purington, mechanical mining engineer, arrived in Shanghai a few days ago from the far north. Mr. Purington is connected with a French syndicate, which is exploring and mining in the north, and he comes direct from this syndicate's gold mining properties on the north shore of the Okhotsk Sea. During the course of the summer Mr. Purington and his assistant, Mr. D. A. Holmes, were shipwrecked on

Saghalien Island, while en route from Hakodate, Japan. They found this to be a most interesting country, rich in minerals, and game. "There is so much bear in that country," Mr. Purington says, "that killing one is like going out to kill a cow. Reluctant to be tamed for sledge pulling and sportsmen have to be careful to distinguish well from tame deer, as there is a heavy fine for killing the latter. It is a magnificent wild sheep country."

YESTERDAY'S REGATTA.

PLEASANT AFTERNOON'S SPORT.

The Victoria Recreation Club yesterday provided an enjoyable day for a large number of guests, when it gave an outing at Yau Tong, opposite Lyemun Beacon. An excellent programme of rowing and sailing races had been arranged. Unfortunately there was not wind enough for the sailing races, and these had to be abandoned after a valiant effort to get the boats across the line. However, this was the fault of the weather, for which the Club had no responsibility. As it was, the rowing races furnished plenty of sport, and the day was a complete success.

The members and guests were taken to Yau Tong in launches from Murray Pier, arriving about 11 o'clock, and the contests began soon afterwards. At noon an effort was made to despatch a sailing race, but it proved to be unsuccessful, and the committee was forced to adjourn it to a later date. On the whole, the rowing races were well fought, and generally the finishes were close. The feature of the rowing was the performance of P. Tivan in the Tub Sculling event, in which his time for the half mile was 30 seconds better than that of the winners of the other heats. Tiffin was served in a picturesque spot beneath the rocks. The results of the races were as follows:

TUB SCULLING. Half Mile.—Prizes presented by Mr. H. Castro and Mr. Olsen: 1st Heat—G. Razavet (5min. 49secs.); 2nd Heat—L. A. Ducommun (5min. 37secs.); P. Tivan (5min. 24-5 secs.). Final—Tivan, 1; Ducommun, 2.

Time, 5min. 50secs.

Scratch Fours (2 mile).—Prize presented by Mr. A. McKirdy.

1st—G. May (Stroke); T. Berentson, 3; G. Tivan, 2; A. E. Simmons, Bow; R. C. Mitchell, Cox.

2nd—C. Marcal (Stroke); G. Pritchard, 3; A. E. Thompson, 2; G. Razavet, Bow; S. Berg, Cox.

3rd—M. A. Ogier (Stroke); G. Morgenson, 3; H. Moore, 2; G. Logan, Bow; H. Dreyer, Cox.

Time, 6min. 20secs. Won by about four feet.

ARMY, NAVY AND V.R.C. (2 mile).—Prizes presented by Mr. W. Logan.

1st V.R.C.—A. H. Carroll (Stroke); S. Berg, H. Dreyer, C. Marcal.

2nd Army.—A. E. Thompson (Stroke); G. Pritchard, H. Moore, H. Farmer.

Time, 6min. 48secs. Won by many lengths.

The dragon boat race had to be abandoned, as only one boat was available.

At the conclusion of the racing programme, the prizes were presented by Mrs. Mitchell, wife of the Hon. Secretary. She was introduced by Mr. McKirdy, who said he regretted that Mr. Logan, the Chairman, who was more accustomed to such matters than himself, was not there to do the speaking. While the arrangements were not so perfect as might be desired, it must be remembered that this was the first of the series of picnic trips and that they had to learn from experience. It was unfortunate that the absence of wind had necessitated the postponement of the sailing races, but he believed the fine rowing they had witnessed had been a compensation.

He hoped at the next meeting, somewhere about the end of January, to have ladies taking part in the sailing races, and also to have dragon boat events. Unfortunately, on this occasion one of the dragon boats was out of repair. They had all enjoyed the Scratch Fours race which was only won by three or four feet after a great struggle, and he wished to congratulate the winner of the sculls also on his excellent showing. Much of the success of the meeting had been due to the untiring work of the hon. secretary, Mr. Wittchell.

The following Committee had charge of the arrangements:—Mr. W. Logan (Chairman), Mr. B. J. de H. Moore (Starter), Mr. A. McKirdy (Judge), Major Rapson (Timekeeper and Umpire), Rowing and Sailing Committee:—A. H. Carroll, A. A. Alves, S. Berg, H. Dreyer, H. J. de H. Moore, D. Logan, R. C. Wittchell (Hon. Secretary).

At to-morrow afternoon's meeting of the Sanitary Board the Colonial Veterinary Surgeon will present an interim report on the "outbreak of pleuro-pneumonia at the Dairy Farm premises, Pokfula."

THE DEAD REVIVE.

"COMING BACK TO LIFE."

SOME REMARKABLE CASES.

Occasionally we read of apparently well authenticated instances of persons who have been "officially pronounced dead" starting their friends by "coming back to life." In many cases these subjects of modern resurrection relate amazing experiences during the "death" period. They have been in "heaven" and have seen and talked with departed friends and relatives, they assert. Others confess that their sole experience was complete oblivion; they have nothing to relate.

Speculation and much heated discussion as to the probable whereabouts of the souls of the temporarily departed inevitably follow, and the origin of life, its nature, death and its causes, are correlated subjects that inevitably crop up in the subsequent arguments among physicians, psychologists, scientists generally, and theologians.

A late case of this sort is that of a Mrs. Elizabeth Blake. She was seventy-two years old and had been well-known locally since childhood as a spiritualist. She declared that she had been possessed of mediumistic powers since the age of ten. Late in March she apparently died. Her doctor pronounced her dead. The rigidity of death had supervened, and neither pulse, heart action nor breathing could be detected. To all intents and purposes she was actually dead. She remained in this state for eight hours. At the end of that period the watchers detected signs of life. Her eyelids twitched, she stirred, opened her eyes and her lips moved.

"I have been in the beautiful spirit world," were the first words those who bent over her were able to understand. "I have seen and talked with my husband and eleven children." She lamented her return to earthly life.

Mrs. Blake seemed to be her normal self in a few days, when she was again stricken, again pronounced dead and again remained in a comatose state for hours. She also revived again and reproved her husband for allowing her soul to inhabit her enfeebled body. On April 10 however, the news was given out that she had finally died for the third time.

"People are at liberty to believe what they please," remarked a physician to whom an account of Mrs. Blake's death was shown. "You may believe that she died, and that her spirit went to heaven and returned later to her body. The medical viewpoint is that she was a victim of one of four things: Hysteria, self-hypnotism, catalepsy or syncope. Syncope means simply general weakness, such as failure of all bodily functions. We call a profound fainting spell an attack of syncope. Such a condition may last for hours."

Catalepsy can usually be diagnosed, however, for the reason that the rigid legs and arms will remain in any position in which they are placed.

Animals have been bled to "death" and restored to life; persons have been "killed" by drugs and brought back to life again after doctors had worked over them many weary hours; others have been completely asphyxiated and revived by artificial respiration, carried on by a wonderful system which science has perfected, and animals have been "killed" by electricity and revived again by the same means.

This naturally leads to the question: "What is life?" It is safe to say that no one knows yet; but any number of persons are ready to say it is electricity. The trouble is they cannot prove it. But even if no one knows what it is, there is, at least, one man who has come near to creating it. He is Dr. Jacques Loeb, a scientist of international fame. He has progressed so far with his creative experiments that he is able to produce healthy, normal frogs without the intervention of a male parent. The method he finally devised is simplicity itself. He removes the ovum or egg from the female, makes a small cut on the surface of the egg (a mere pin-prick will do) treats the egg with weak acid, and when it has undergone certain chemical changes it is placed in a prepared nourishing chemical solution where a tadpole is produced which ultimately becomes a frog.

The most marvellous and astounding fact about this evolutionary process is that the sex gland of one of these artificially created frogs, which had no male parent, actually contained ova or eggs. It will be seen at once, therefore, that this creative process could be repeated indefinitely without fertilisation by the male element.

Having thus briefly considered the question of life, let us revert to the "death." A case analogous to that of Mrs. Blake was that of a young medical man, who took some thirteen grains of morphine and died. He may well be believed that he died, inasmuch as one grain of the drug is considered a fatal dose. Moreover, the distinguished medical men who examined him pronounced him dead. Nevertheless, these doctors went to work employing every known method of treatment in morphine poisoning as well as a means of artificial respiration. They laboured tirelessly for twelve hours and at the expiration of that period had the satisfaction of detecting signs of life. They persisted in their efforts, and patience and hard work triumphed; the young doctor was restored to a life of usefulness.

The fact of the case was vouched for by Dr. Samuel J. Meltzer, of the Rockefeller Institute, who had devised the method of artificial respiration employed. He says that the doctor was dead, and that he was restored. The revived man had no memories of his "dead" state.

MOST TIRING THING.

WHAT IS IT?

A COLLECTION OF OPINIONS.

After completing a round of autumn exhibitions, a lady expressed to a friend her decided opinion that the most fatiguing business on earth was attending shows. The friend mentioned this view to a *Daily Chronicle* representative, who obtained comments from various sources.

"City pavements tire me more than anything," said a man who thought little of a ten mile country walk; "and the most tiring pavements are those outside the shops in which my wife is buying things."

"Walking upstairs, I should say, beats everything but the old treadmill, which I never had the chance to try," was the view of a busy housewife.

A frequent playgoer declared that a seat in the gallery was easily first in wearisomeness, especially if one could not see or hear properly, and had spent an hour in the queue.

"Looking for a job," was a workman's verdict, endorsed directly by a clerk, who had no cash left for buses.

"It all depends," was a physician's comments, "in the mental attitude. Muscles respond to mind stimulus, and a two hours' wait to see the Prince of Wales—tired one less than 20 minutes' hanging about for a shopping consort."

"Job-hunting is fatiguing mainly on account of its hopeless anxiety; brain and brawn are wearing down at once. After a long walk brain workers should rest and cool down before donning the thinking cap."

When walking for exercise choose soft roads or turf, where possible, and take easy, jerkless strides at a medium pace. Very slow "mooching" the doctor thought more tiring than a steady pace, but an occasional standing rest helped one to resume the walk more briskly.

"Don't forget," added the expert, "that healthy bodily weariness is good, but mental fatigue has no compensations."

For a tired brain cycling or swimming were, he believed, among the best cures, sometimes even better than sleep. "Speaking professionally," he concluded, "the most tiring thing on earth is indigestion, and the best cure, for it is getting as tired as you can, in fresh air."

WHOOPIING COUGH.

WHEN your child has whooping cough, be careful to keep the cough loose and expectoration easy by giving Chamberlain's Cough Remedy as may be required. This remedy will also loosen the tough mucus and make it easier to expectorate. It has been used successfully in many epidemics and as it contains no narcotic or other injurious substances it is perfectly safe. For sale by all Chemists and Storekeepers.

"REBECCA OF SUNNYBROOK FARM"

In 6 parts.

Produced by ARTCRAFT PICTURES CORPORATION.

Directed by MARSHALL NEILAN.

Rebecca Randall Mary Pickford.

Adam Ladd Eugene O'Brien.

etc., etc.

SYNOPSIS.

Rebecca Randall and her large family of brothers and sisters live at Sunnybrook Farm, which is principally remarkable for the size of the mortgage it carries. The task of taking care of all the children is too much for Mrs. Randall, so finally Rebecca is sent away to her two aunts, Miranda and Jane Sawyer, who are strict New England folk. She agrees to sell soap in aid of a fund to buy a banquet lamp for Rev. Smellie.

Rebecca meets young Adam Ladd and much to her astonishment he purchases enough soap to pay for the banquet lamp. When Rebecca tells him about Mrs. Simpson and her lack of a wedding ring, Adam reaches into his pocket, brings forth his mother's wedding ring and gives it to Rebecca to present to Mrs. Simpson. Owing to his bounty, Rebecca thinks that Mr. Ladd is Mr. Aladdin, the hero of the wonderful lamp.

With the children of the village, Rebecca gets up a circus in which she is the bareback rider, but is routed by Aunt Miranda just as she is doing her most daring stunt.

Rebecca is sent to school, but by her clever verse, disgraces the aunt's family, so they decide to send her to a boarding school. She returns a beautiful girl. Adam's admiration for her has greatly increased, and the fondness for the child has grown into love for the young woman. One of the aunts passes away, and later Rebecca learns that the railroad has purchased Sunnybrook Farm.

Rebecca has the Simpson family taken care of and all the Randall children well provided for. When everyone else is happy, Adam Ladd reminds her that when a little girl she had told him she intended to marry him when she grew up.

Also showing a Mack Sennett comedy in two parts "That Night" featuring Charles Murray and a very beautiful girl.

The claims should be accompanied by the following documents:

(a.) Application by the Concerned or by his legal representative.

(b.) Certificate of nationality of the Concerned issued by his respective Consul.

(c.) Bill of Lading duly counter-signed if it is necessary.

(d.) Power of Attorney of the Owner of the goods if the claim is not to be filed by himself stating the person to whom the amount due should be paid either in Portuguese or British India.

(e.) Discharged and acquitted invoices proving that the cost of the goods has been duly paid to the sellers.

COMPANY REPORT.

CHINESE ENGINEERING & MINING CO. LTD.

The annual general meeting of the shareholders of the Chinese Engineering and Mining Company, Ltd., was held in London on the 15th December, 1920, when the directors' report and statement of accounts for the year ended 30th June, 1920, was submitted.

The following is an extract from the Directors' report:

The net result of the year's transactions shows a balance to the credit of profits and loss account of £1,306,561, made up as follows:

Proportion of Kailan Mining Administration's profits plus

China interest.....£1,169,825

Interest in Europe.....41,895

Agency fees.....4,000

Sundry receipts.....643

Balance brought forward (after deducting £2,746 directors' percentage).....955,100

£1,501,463

DEDUCT:

Expenses in Europe.....£10,990

Directors' fees.....4,200

Exchange.....2,953

Income tax.....80,932

Loss on sales of Government stocks.....56,215

Donation.....250

£194,902

Leaving a net balance of.....£1,306,561

which the directors recommend should be appropriated as follows:

Interim dividend 10 per cent. (free of income tax) paid 15th May 1920, amounted to.....£100,000

Final dividend 20 per cent. (free of income tax) making 30 per cent. for the year.....200,000

Corporation profits tax, 6 months, estimated at.....21,000

Directors' percentage.....18,963

Balance carried forward.....441,895

£1,306,561

The directors propose capitalising £400,000 of the accumulated profits by the addition of 400,000 fully-paid shares to be issued pro rata to the shareholders at the rate of two new shares in respect of every five shares held. In order to provide above five shares held in the large capital expenditure which will be required for the development of the business of the Kailan Mining Administration and an Ironworks scheme, the directors further propose to increase the capital to £3,000,000, of which £200,000 shares will be available for future issue as and when required. The necessary resolution will be submitted to the annual meeting to be held on the 15th instant and an extraordinary general meeting to be held on the 4th January, 1921.

HONGKONG, MONDAY, DEC. 29, 1920.

WIRELESS.

From time to time the business men of Hongkong have agitated for a wireless system available for local commercial purposes. The Chamber of Commerce took it up. At the Conference at Shanghai it was unanimously resolved that China ought to install such wireless aids to navigation as the Hongkong Government had agreed to. A supplementary resolution touched on the need for meteorological messages by wireless. Mr. Holyoak, speaking as the representative of the Hongkong Chamber, terminated the Conference of what was done last year, and said this movement was in continuation thereof. The four requirements were (1) the establishment of diaphones and wireless position finders in Chinese waters; (2) increased weather signals and communications along the coast; (3) the establishment of increased cable service or a powerful wireless station at Swatow; and (4) the establishment of a wireless telegraph station of sufficient power at Hongkong. With regard to the first three there is now no room for argument. All are agreed. It is with regard to the fourth that a curious doubt now arises. That Hongkong needs much greater and faster facilities for communicating with the outside world need not be argued. That wireless will supply the deficiency, which everybody has hitherto been taking for granted, has to be shown, in consequence of the rather disconcerting statements made to the Conference by Lieut. R. R. Stewart of H.M.S. "Alacrity," which we find fully reported in the British Chamber of

Commerce Journal. He seemed to make it clear that our local commerce must not count on any useful assistance from the wireless installation on Stonecutters. This began with a radius of about a thousand miles, which met certain necessities for communicating with ships at sea, but could not communicate satisfactorily with Home through the intermediate stations. They increased the distance, by installing different gear, but even then transmission was difficult and slow. Admiralty messages sometimes took as long as 14 days to come out, and they were routine messages sent this way merely to relieve the pressure on the cables. Hongkong being the centre of naval activity in the Orient, the station is so busy normally that, according to Lieut. Stewart, the utmost time it could spare for commercial work would be "a quarter of an hour every four or five hours." He was careful to point out that there could be no rapidity about such messages. With regard to the proposal for a powerful station here he seemed inclined to be pessimistic about its value to commerce. He says hours are wasted on repetition, and suggests that wireless, even across the Atlantic, is "not a commercial proposition." So far as we can follow the gallant officer's trend, the idea seems to be that though wireless is practicable, our commercial men must prepare to be disappointed with its results. This is rather a surprise.

STRAIGHT TALK.

Now we are getting it. Now from the pulpit comes the straight talk so long needed here. On Sunday the Rev. Copley Moyle reminded his hearers that to live up to their professions they must each one be tremendously in earnest. There must be no merely nominal Christians, no members of the Church who have never taken the trouble to think out what they believe and what is their duty. The Church must be a body of people who have thought over the truths of the Gospel and are persuaded of their value and importance and are on fire with zeal to put those truths in practice. He pointed out that the nominally Christian nations have not been carrying out their principles. You cannot be a good Christian, if you do not act on Christian principles. To be a Christian means more than professing Christ, it means living the Christ-like life. If a man thinks he can be a Christian and not show it in his business, he is vastly mistaken. Take a board of Directors of some company, the majority of them, probably Christian men, do they always act on Christian principles which include not only justice and honesty but love? "Thou shalt love thy neighbour as thyself" might well be painted on the walls of some board room, and would be a reminder that self-interest is not the only interest to consider. Often professed followers thought it enough to profess it as forming their personal standard, while ignoring its claims upon them as members of society. We saw Christians doing things and acquiescing in evils in a social capacity which they would not do as individuals. It was as if they had two standards of conduct, one for private life, the other for social. Corporate selfishness was as wrong as individual. Their religion must be applied to their trade, their politics, to national policy, as well as to their private conduct. Otherwise, let us add, they are not Christians, and their professions are hypocritical.

FATAL FIRE.

GIRLS TERRIBLE DEATH.

TRAGEDY IN NEW TERRITORIES.

A life was lost as the result of a fire which broke out at 3.45 a.m. yesterday, in house No. 5, Cheukung village, Sai Kong district, New Territories, occupied by a Chinese constable, his wife and 7-year old daughter. The only person in the house at the time of the outbreak was the girl who was asleep. The mother had left the house a quarter of an hour earlier to go to the market. When she returned she was horrified to find the house in flames. She raised the alarm, and villagers and police gave all assistance, but could not check the flames which completely gutted the house. Strenuous attempts were made to rescue the girl, but with the collapse of the roof further efforts were useless. After the fire, the charred remains of the unfortunate girl, who must have died of suffocation before the flames reached her, were discovered among the debris. The cause of the outbreak was attributed to the child's mother lighting a lamp before leaving the house, and carelessly throwing the lighted match on a pile of dried grass stored in a corner of the house.

LOCAL AND GENERAL.

The total output of the Kailan Mining Administration's mines for the week ending December 4, 1920, amounted to 90,197 tons and the sales during the period, to 83,128 tons.

The Rev. G. J. Williams at the Kirk on Sunday reminded Christians of their duty to the League of Nations, and the new internationalism. Christians have no choice as to which side they shall take in that issue.

At St. John's Cathedral on Christmas Day there will be celebrations of the Holy Communion at 6.45 a.m. and at 12 noon. Matins will be sung at 11 a.m. when the sermon will be preached by the Rt. Rev. The Bishop of Victoria. At the Peak Church on Christmas Day there will be a celebration of the Holy Communion at 8 a.m.

Dr. Dugald Christie, C.M.G., Principal of the Mukden Medical College and Superintendent of the Hospital, has returned to Mukden with Mrs. Christie after an absence of a year and a half in Scotland, says the P. & T. Times. He has been successful in getting increased support for the work he represents, and it is expected that there will be a great advance in both College and Hospital during the next few years.

The engagement is announced from Paris of Miss Paule Szor, younger daughter of M. and Mme. Louis Szor, with M. M. Viel, of the firm of Messrs. Jardine, Matheson & Co. The young couple met in Yokohama. M. Viel rose to the rank of Captain in the late war and was decorated with the Cross of the Legion of Honour for bravery in the field. He is now in America on route to France, where the young couple will be married after which they will return to the Far East in the spring.

Steamship companies in Yokohama have been notified that a British ship is not necessary on passport, of passengers for Canadian ports, the Canadian immigration authorities preferring to deal with each case on its own merits. The Canadian government has also given notice that citizens of enemy countries during the war are denied entry to Canada. Exception is made in the case of citizens of countries which have declared their independence from former enemy countries and have formed a recognized government.

CRIMINAL SESSIONS.

RETURNED BANISHEES.

ARMED ROBBERS SENTENCED.

At the December Criminal Sessions of the Supreme Court before the Puisne Judge, Mr. Justice Wood, this morning Lam Tai, alias Long Yau, a returned banishee, was sentenced to three years' imprisonment with hard labour.

The prisoner was ordered to be deported, for life, on Nov. 27, 1919. He returned to the Colony and was found here Nov. 14, 1920. He pleaded guilty. Several previous offences were shown against him. Choi Yan Kwong, banished for twenty years on July 17, 1913, and found here November 8, 1920, also was sentenced to three years with hard labour. He pleaded guilty. It was shown that he had been found guilty of previous offences, that he had been banished on other occasions, and twice convicted for returning.

Chan Fuk, banished for life on Oct. 30, 1919, and found at Shaikwan on Dec. 5, 1920, near the Taikoo Sugar Refinery. It was shown that he was sent here from Singapore in 1916 having been banished from there for life. In 1916 this Government issued a deportation order against him. He returned and was convicted of stealing. Three deportation orders had been issued against him and he had already been convicted twice of returning.

He pleaded guilty and was sentenced to three years with hard labour.

Wong Tak and Shay Yau were charged with having robbed Cho Kai of \$140 in money and a watch and chain in Magazine Gap Road on November 23, 1920. Both pleaded guilty.

Cho Kai was shown to the prisoners. They admitted having robbed him.

Mr. P. Jacks, Crown Solicitor, said that Cho Kai was a coolie employed at 158 The Peak. About 3.10 p.m. on November 23 he was on his way up the hill with provisions when he was attacked. One of the defendants threatened him with a dagger. Cho Kai pleaded with them to take his money but to spare his life. They took his money and watch and let him go. Cho Kai reported it to his master. The next day, Cho Kai, in company with a police constable, encountered one of the defendants, who was arrested. A knife was found in his possession. The watch and chain were recovered. Certain instruments were found in his pockets. He said they were working implements, not weapons.

Both men were sentenced to three years with hard labour and each to receive ten strokes of the cat.

GOVERNOR OF MACAO.

SATURDAY'S CELEBRATIONS.

LUNCHEON AND GARDEN FETE.

The entertainment of His Excellency the Governor of Macao, Senhor H. M. Correa da Silva, and Lady da Silva, by the Portuguese community in Hongkong, was at its height on Saturday, when a big luncheon was held at the Hongkong Hotel, and a brilliant garden fete was given at the Club de Recreio in Kowloon. Both of them were handsome functions, the garden fete especially being remarkable for the beauty of its decorations and the generous scale on which it was conducted.

The attractive surroundings of the Club de Recreio were utilized to excellent advantage in the decorative scheme. In the afternoon the grounds were dressed with hundreds of flags and streamers and laced with ribbons, and made a charming scene. It was at night, however, that they appeared at greatest beauty. There were innumerable electric globes of delicate hues, converting the whole setting into a wonderland of bright colours. The club buildings were outlined in electric lights which converged in a cluster at the top of the flagpole. From this point of view the grounds depended in graceful curves to the roof. Above the roof was the name of the Club in high-power lights, surrounded by a pretty design. Around the grounds extended chairs and wreaths of interwoven lights. At the entrance to the grounds tall trees were smudged with lights, while even the small shrubs about the grounds had red, purple, orange, and blue lights nestling in their foliage. Set in the midst of a garden in a corner of the grounds was a dance floor, enclosed on three sides by a lattice-work covered with lights and greenery—itsself, in the radiance of the multi-coloured lights, a little gem of beauty. About the grounds were the tea tables, lavishly supplied from the buffet and refreshment kiosks. The scene was animated and artistic, the entertainment liberal, and the arrangements all that could be desired. In every way the fete was a gay success.

The fete began at 5 o'clock. At that time many of the guests had arrived. Shortly afterwards their Excellencies the Governors of Hongkong and Macao arrived, to be greeted by the British and Portuguese national anthems. The Governor of Hongkong was accompanied by Captain McGrath, his A.D.C., and the Governor of Macao by Lady Correa da Silva and Lieut. F. Chedas, A.D.C. They were received by the President, Mr. Noronha, and members of the committee. The band of the Wilshire Regiment was in attendance, and played for the dancing, which began soon after 5 o'clock. After a short adjournment for dinner, the fete continued until midnight.

Similarly, the luncheon at the Hongkong Hotel was carried out on a big scale and with a perfection of detail that made it a notable event. The guests gathered in a reception room to await the arrival of the two Governors and their party; then, on their appearance, followed them to the big dining hall, which had been prettily decorated. Throughout the luncheon, in the intervals between the toasts, music was provided by the Hotel Orchestra.

In all, there were nearly 200 guests, including many of prominence. The Consul-General for Portugal, Senhor Covilha de Albuquerque, presided. Seated at the official table were—The Consul-General for Portugal and Lady Correa da Silva, H.E. the Governor of Hongkong and Madame Albuquerque, H.E. the Governor of Macao and Lady Stubbs, H.E. Major-General Venis and Mrs. Gompertz, the Rt. Rev. Bishop Dupuy and Mrs. Kemp, His Honour Mr. Justice Gompertz, and Mrs. Chatham, the Hon. Mr. A. G. M. Fletcher and Mrs. Jordan, the Hon. Mr. J. H. Kemp and Mrs. Pollock.

The toast of "The King" was given by the Chairman; and the "President of the Portuguese Republic" was proposed by H.E. the Governor of Hongkong. Mr. A. F. B. Silva-Nero, President of the Club Lusitano, gave the principal toast, "The Governor of Macao." He said that the honour fell to him as President of the oldest Portuguese Club in the Colony. His Excellency, he said, belonged to an old and well known family and his father was at one time Governor of Macao. Their honoured guest had proved himself not only a distinguished naval officer but an able administrator. As Governor of Mossamedes, His Excellency proved his ability to handle delicate and intricate questions, but his untiring efforts in that office nearly cost him his life. When Portugal sided with her oldest ally, in the great war, Senhor Correa da Silva was in command of the "Ivo" and rendered a very good account of himself in encounters with enemy submarines, being several times commended by the British Admiralty for his bravery. He was decorated by his own Government and received the D.S.O. from His Britannic Majesty.

Among the centres of the world probably no port receives more distinguished guests than Shanghai. Chief among its recent visitors, says the N.C. Daily News, is Sir Arthur Witten Brown, K.B.E., world famed as one of the two first men to fly across the Atlantic without a stop. He and his companion, Sir John Alcock, who was later killed in France, made the flight in a Vickers "Vimy" in record time, 16 hours, from St. John's, Newfoundland, to the coast of Ireland. Sir Arthur Witten Brown served in the Manchester regiment at the beginning of the war and was later transferred to the Royal Flying Corps. His machine crashed down behind the German lines and he was a prisoner until 1918. He is accompanied by Mr. C. E. Duff, who was an special service in France for three and a half years. Both are now with Vickers, Ltd., and are in the East in the commercial interest of that company.

In his present office the Governor had displayed great ability and many important improvements owed much to his efforts. The Portuguese community in Hongkong were glad of this opportunity of paying tribute to the excellent qualities and altruistic services of Senhor Correa da Silva, and he would couple with the toast the name of Lady da Silva, whose personality had charmed all who had met her during her stay here.

H.E. the Governor of Macao briefly replied and thanked the Portuguese Community and the guests for the kind reception accorded him. He concluded by proposing the toast of the Governor of Hongkong.

H.E. Sir Reginald Stubbs thanked the assembly for the cordial way in which they had drunk his health and for having invited him to be present.

Mr. E. J. Noronha proposed "Our Guests." He said the Portuguese community were deeply sensible of the honour Sir Reginald and Lady Stubbs had done them in being present. They were glad also to have present members of the Legislative Council and representatives of the British Army and Navy. The historical association with Britain was carried by the Portuguese nation in glorious remembrance. Not only in the palm days of Portugal, but in the late war Portuguese soldiers fought side by side with the British. It was also a privilege to count as guests the consular representatives of nations with whom Portugal lived in happy amity, and the members of the Chinese, British and other mercantile communities with whom their relations were of the friendliest.

The Hon. Mr. H. E. Pollock, K.C., in responding on behalf of the guests, said they were all glad to have been present on such a memorable occasion and to have enjoyed such royal hospitality. The Portuguese community in the Colony was increasing in numbers and in importance; and in housing and other questions had shown a laudable desire to promote progress in the life of the Colony. He counted himself fortunate in having many friends amongst the Portuguese community and he thanked them for the compliment of associating his name with the toast.

Sun Mo Lan, the wife of Chan Chung Hing, was then called. The door to the cubicle was broken. There was no light at the time, but the robbers lit a lamp. They tied her husband first then tied her hands behind her. Each of the men had a dagger. They ransacked the boxes and took the valuables. She recognized three or four of the prisoners in the dock. The third, Ip Yik, she said, was the one who tied her up. Besides the third, she recognized first, Leung Tsai, fully; the second, Chan Sing Chow, the same; the fourth, To Hung, about 80 per cent, and the fifth one, as the first three, with certainty. She had been tied loosely, and managed to untie her bonds herself. She then untied her husband.

A maid servant in the family of Chan Chung Hing was called, and said she could recognize the second and third defendants.

Four of the five defendants, the first, second, third and fourth, were found guilty and sentenced to five years' hard labour and 10 strokes of the cat. The fifth was discharged.

ARMED ROBBERY.

FIVE MEN CHARGED.

FOUR FOUND GUILTY.

The particulars of an armed robbery were heard by the Puisne Judge, Mr. Justice Wood, in the Criminal Sessions this morning.

Five men, Leung Tsai, Chan Sing Chow, Ip Yik, To Hung and Wong Yau Tsai were charged with robbery at 213 Queen's Road West, first floor, on Nov. 1, 1920. The statement of offence said that they were armed with daggers and stole clothing and jewellery to the value of \$168. They pleaded not guilty. Mr. P. Jacks, Crown Solicitor, prosecuted. The following jury was empanelled: A. J. W. Rosser, Wong Sek-kay, A. S. Gomes da Silva, E. M. Xavier, G. M. Xavier, V. A. Mason, and John Stalker.

Mr. Jacks outlined the case. Early in the morning of Nov. 1, the house was entered. The occupant of a cubicle, Chan Chung Hing, was awakened by the entrance of six men. His eyes were covered and his hands were tied. They forced him at the point of knives to give up his keys. They also tied his wife, Sun Mo Lan, and compelled her to give up the keys to boxes containing her property. They then rifled the boxes. She also could recognize two of the defendants. When arrested the first defendant had admitted at the police station he had taken part in the robbery. When before the Magistrate he had said he had nothing of the robbery. The second defendant had also admitted being in the robbery. Some of the property had been recovered in the bed of his wife, in Sin Hing Lane. Before the Magistrate he had said he had no part in the robbery, that his wife had taken the property home, and had given his name to the police; then had fled. The case against the fifth defendant rested entirely on recognition by one witness.

Chan Chung Hing victim of the robbery, said the robbers entered about day-break. The men who bound his eyes and hands had knives. He picked out third defendant, Ip Yik, as the one who actually tied his hands and put the cloth about his eyes. His wife, seeing that he was tied up, gave the robbers the keys. Although he could not see, after that, he heard the sounds of breaking and opening boxes. "The men were there for an hour. When they had gone, his wife released him. They found that a number of articles of jewellery, some money and clothing were missing. Some of the articles, which were produced in court, were found in the house at 5 Sin Hing Lane.

The second defendant said he was working on a steamer and knew nothing of the robbery.

The third defendant said that nothing had been found on him when arrested.

The fourth said he had no part in the robbery. The fifth made a similar statement.

In answer to a question by Mr. Rosser, foreman of the jury, the witness said his wife also had been bound. He did not know who had untied her.

Sun Mo Lan, the wife of Chan Chung Hing, was then called. The door to the cubicle was broken. There was no light at the time, but the robbers lit a lamp. They tied her husband first then tied her hands behind her. Each of the men had a dagger. They ransacked the boxes and took the valuables. She recognized three or four of the prisoners in the dock. The third, Ip Yik, she said, was the one who tied her up. Besides the third, she recognized first, Leung Tsai, fully; the second, Chan Sing Chow, the same; the fourth, To Hung, about 80 per cent, and the fifth one, as the first three, with certainty. She had been tied loosely, and managed to untie her bonds herself. She then untied her husband.

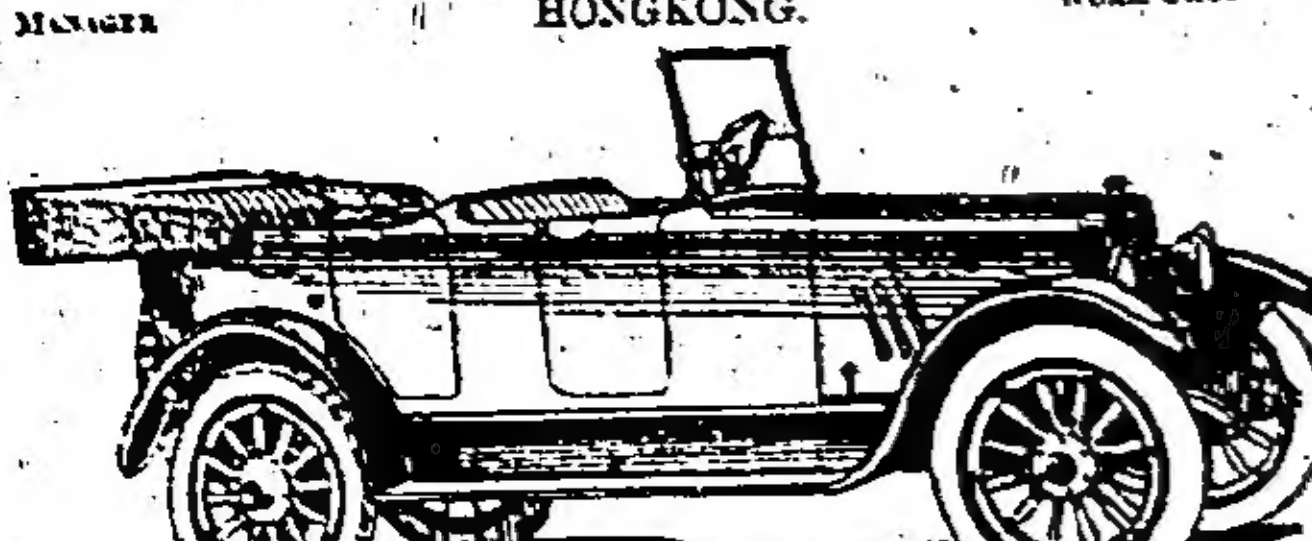

A maid servant in the family of Chan Chung Hing was called, and said she could recognize the second and third defendants.

Four of the five defendants, the first, second, third and fourth, were found guilty and sentenced to five years' hard labour and 10 strokes of the cat. The fifth was discharged.

SUBMARINE SHOCK.**"DEVANHA" SHAKEN AT SEA.****EARTHQUAKE IN HONGKONG.**

While the P. & O. steamer "Devanha" was off Swatow on Friday, on its way down from Shanghai to Hongkong, it experienced a submarine shock which is believed to have been the earthquake that was felt in Hongkong.

The incident occurred at exactly the same time that the earthquake tremors were noticed here. This was 11.40 in the morning. The sensation, according to reports brought by those on the ship, was as if a great explosion had occurred far below the vessel.

On arrival in Hongkong, the incident was reported to the agents of the company by the master of the ship. Drivers were promptly sent down to ascertain if the vessel had suffered any damage. They were unable to discover any sign of injury, and accordingly the "Devanha" continued on her homeward journey.

There was some question as to whether the ship had felt the earthquake shock or had come in contact with a submerged wreck. The Captain of the vessel, however, held the view that the shaking came as the result of a submarine convulsion of some character. This was before the ship arrived in Hongkong and before it was known on board that an earthquake had been felt here. The discovery that the earthquake had been noticed here seemed to lend confirmation to his view. The region about Swatow is subject to earthquakes and submarine disturbances, a number having been reported in the past.

BANKRUPTCY LAW.**SOUND SUGGESTION.****COMPULSORY ANNUAL AUDIT.**

Falling-off in trade is reflected in the increase in the number of bankruptcies and deeds of arrangement during present year compared with a similar period last year, states a home paper.

The increase seems to have been greatest in the number of deeds of arrangement, but these, according to Mr. Godfrey Cheeseman, Secretary of the National Union of Manufacturers, do not include by any means all traders who find themselves in difficulties.

"Commercial men," said Mr. Cheeseman, "find our bankruptcy laws expensive and dilatory. Consequently, if they receive anything like a reasonable offer from a debtor, they accept it rather than put the estate into bankruptcy."

"We are pressing for a reform of the laws in this direction. The machinery is so unwieldy and expensive that assets are swallowed up and creditors left with little or nothing."

"I have put forward the suggestion that every trader ought to be compelled by law to have his accounts audited every year by a recognised accountant."

"This would put a stop to the class of men who keep on trading when they are hopelessly bankrupt, and then get rid of their assets and leave their creditors in the lurch."

A clean bill of health was returned for the Colony on Saturday.

Invitations have been issued for a fancy dress dance and concert to be held at the Kowloon British School on Wednesday, December 22 from 5.30 to 8 p.m.

Among passengers arriving on "Katori Maru" this morning were Major G. W. Olivecrona, Engineer-in-Chief of the Board of Consular Affairs of Kwangtung, and Mrs. Olivecrona, who returned after a holiday spent in Sweden.

An interesting lecture on the Hawaiian or Sandwich Islands was given on Saturday night by Mr. F. Stubbs, F.R.G.S., to the University students. It was the last of Mr. Stubbs' series of lectures in Hongkong. He leaves for Singapore and the Dutch Indies tomorrow.

The S.S. RMS "Empress of Russia" arrived at Shanghai Dec. 15 (2.30 p.m.), left there on Dec. 19 (3 p.m.), and was due at Nagasaki on Dec. 20 (6 a.m.).

MOTOR ACCIDENT.**NAVAL MAN INJURED.****COLLISION ON CASTLE PEAK ROAD.**

As the result of a nasty motor accident on Castle Peak Road on Saturday afternoon, George Smedley, 1st Class Petty Officer of H.M.S. "Tamar," is at present lying in the Naval Hospital suffering from injuries, which, it is hoped, will not prove permanent.

It appears that Smedley, driving motor cycle No. 33, in taking a sharp turn at the corner of the Tsinwan and Castle Peak Roads, collided with motor car No. 149 which was being driven by Dr. Kew. Both the car and the cycle were badly damaged. Smedley was thrown heavily to the ground. His right leg was pinned under his machine, and fractured in two places. He was unconscious when picked up by Mr. Komor and taken to town in his car. In addition to the injuries to his right leg, it was discovered on examination at the hospital, that Smedley had several bruises on his body, and that the muscles of the left leg were lacerated. The force of the impact between the vehicles was so great, that the motor cycle, which was crumpled up beyond repair, was nothing more than a heap of junk when picked up later. Dr. Kew's party, excepting for severe shocks, was not injured. The car, however, did not escape damage. The radiator was so badly smashed that it was impossible to run the car, which had to be left on the road, and later towed into town. The axle was bent and the front wheels buckled. Mr. Hewlett, who happened on the scene soon after Mr. Komor had taken the injured man away, picked up Dr. Kew's party and conveyed them to town. Smedley frankly admitted, on recovering consciousness, that he was at fault for not having announced his approach when taking the corner. He bore the pain of his injuries gamely.

TO-DAY'S ADVERTISEMENTS.**NOTICE.**

IN consequence of the work of constructing the road from Pokfulam Road to Victoria Road, the Victoria Road will be CLOSED to traffic from FRIDAY, the 17th instant, until further notice between the hours of 7 a.m. and 4 p.m. each day.

HIS KNEES WERE SWOLLEN WITH RHEUMATISM.

Was Pain Baked Night and Day. Dr. Williams' Pink Pills Again Prove The Right Remedy in Colombo.

Most of the treatments for Rheumatism are directed at the symptoms and only temporarily relieve the pain and stiffness. If they give any relief at all, it is by driving the rheumatic poison out of the blood, which whilst purifying they also enrich, that Dr. Williams' Pink Pills prove so permanently effective as a remedy for this ailment. The testimony of Mr. B. D. Rodrigo which follows is but one of thousands received:

"Some eight years ago I suffered terribly with Rheumatism," said Mr. Rodrigo, who is employed in the Office of the Superintendent of Police, Colombo, Ceylon. "This dreadful malady principally in the joints, especially in my knees, which became very swollen and intensely painful. The glands on each side of my neck were sore and swollen so that it was only with difficulty that I could turn my head. At the same time I suffered with flatulence and had continual pains in the abdomen. At night I could get very little sleep."

"This continued off and on for three or four years, the pains in my legs becoming so bad at times that I could hardly get about at all; in fact once I was compelled to give up work for a month. Naturally I worried a great deal and became much depressed."

"It chanced that I picked up a book about Dr. Williams' Pink Pills, and this brought to my mind the fact that my sister had received much benefit from taking the Pills some years previously. I decided to see if they would do me any good. I found that after taking the Pills for a few days, the swelling in my joints and the flatulence ceased and I could again enjoy a good night's rest. This happened about four years ago and I have had no return of the Rheumatism since. I am a healthy man now and I have had no return of the Rheumatism since. I am a healthy man now and I have had no return of the Rheumatism since."

"As a remedy for disorders arising from vitiated watery blood or disorder of nerves, and as a tonic for the whole system, Dr. Williams' Pink Pills for Pale People have been pre-eminent for many years. They are obtainable from all chemists and druggists, and cost from 2s. 6d. per bottle, 8s. 6d. for 6 bottles from The Dr. Williams' Medicine Co., 25 Bechoon Road, Shanghai."

OIL STORE ABLAZE.**WEST POINT CONFLAGRATION.****PIERCED BATTLE BETWEEN FIRE AND WATER.**

At 1.15 a.m., yesterday, the Hongkong Fire Brigade received a call to attend a fire which had broken out on the first floor of No. 31, Sai Fish Lane, West Point.

On arrival at the scene the Brigade found the two-storeyed house, the ground floor of which was used by the Hop Kee firm of No. 173, Des Voeux Road West, to store kerosene and oil, well ablaze. The flames, fed by the oil, raged furiously. In view of the facility of attempting to save the building, the fire fighters confined their attention to the neighbouring houses which they managed to save. The fight between water and flames lasted for three quarters of an hour before the firemen could gain control over the fire which eventually burned itself out. The house was completely gutted.

Luckily all the inmates of the first floor which was used as a dwelling place managed to make their escape before the flames had assumed dangerous proportions.

All the stock of the ground floor of the house, valued at \$9,000, was destroyed. The cause of the outbreak is attributed to a wall lamp on the first floor igniting some adjacent article.

The premises were insured with a Chinese insurance company for \$5,000. The extent of damage done to property on the first floor has not yet been ascertained.

SALE OF WORK.**DIOCESAN GIRLS' SCHOOL.****OPENED BY LADY STUBBS.**

An attractive function took place on Saturday afternoon at the Diocesan Girls' School, Kowloon, when the pupils held a sale of work to raise money to help a child in the Victoria Home, the Blind Home, and also the famine sufferers in North China. The sale was opened by Lady Stubbs in the presence of many visitors, and continued until late in the afternoon with very satisfactory results.

The Rt. Rev. the Bishop of Victoria, on behalf of the school voiced a welcome to Lady Stubbs who, he said, was a real friend of all work having the welfare of the community for its object.

The sale was held in the school hall, part of which was set aside as a tea room. The stalls were decorated with flags and foliage, and stocked with a wealth of articles contributed by students and friends of the school. All the arrangements were made by the pupils with the assistance of the headmistress and a committee of teachers. Lady Stubbs inspected the stalls and made a number of purchases.

\$8,000 FINE.**OPIMUM SMUGGLERS CAUGHT.****DRUG OFFERED TO REVENUE OFFICERS.**

The two Chinese who were remanded on a charge of the unlawful possession of a quantity of opium valued at over \$900 on board the "Korea Maru," pleaded "guilty" when again brought before Magistrate Orme on Saturday.

Evidence was given to the effect that, acting on information, revenue officers went on board the "Korea Maru," in mid-July. In the course of a conversation, the accused, who did not know the identity of the officers, offered to sell them opium.

Mr. A. E. Hall, who appeared for the defence, asked the Magistrate in passing sentence to take into consideration the fact that the accused were the catspaws of the real smugglers, who, unfortunately, it was impossible to get at.

The first accused, who had possession of the larger portion of the drug was fined \$8,000, of nine months' imprisonment with hard labour. The other man was ordered to pay a fine of \$2,200, or, in default, undergo five months' hard labour. The drug was confiscated.

UNNECESSARY WORDS.

Why waste words and advertising

space in describing the many

points of merit in Chamberlain's Cough

Remedy? The most factitious are sub-

stituted when we state that it cures colds

and coughs from any cause, and that it

contains absolutely no narcotics or

injurious substances. For sale by all

SEARCH FOR NEW DRUGS.

A large party of American scienc-

ists and chemists are starting in Janu-

ary on a tour of exploration over an

area of 1,000 miles round the basin

of the Amazon, says a New York

message. Their mission is to find new drugs

and narcotics. Some of the party

will study insects and reptiles, while

others will confine themselves to

flora. Dr. Henry Rusby of the Colum-

CLUB v. "AMBROSE"

Playing without their redoubtable centre half, Sargent, and with Downs also absent, the "Ambrose" had to field a very weak team on Saturday against the Club, who, though without Lawrence at back, were nevertheless a pretty good combination. The Sailors seldom if ever became very dangerous near the Club goal. Whilst their defence put up a sturdy resistance, the Club forwards had things pretty near their own way, scoring four times in the first and three in the second half without reply. Mr. Wells was in charge of the game.

"CARLISLE" v. R.G.A.

The "Carlisle" put over a surprise win against the Gunners on Saturday, the R.G.A. heading the top of the Senior League, with only one point lost. Their defeat on Saturday made the position of winners of the First League an open question, any of the Senior Teams now having a chance. The match was played at Sookm-poo, Mr. Cheesley being referee.

Kicking off against a strong wind, the R.G.A. tried conclusions with the "Carlisle" defence only to find them too tough a proposition. The clear going out to the Sailors' right wing, that player lost very little time in getting down to the Gunners' goal where a score was saved at the expense of a corner. Midfield play then ensued, after which the Sailors got going again and nearly scored, the ball just going wide. Not to be denied, the Sailors again pressed, Fawcett opening up the score with a well placed shot. This livened the Soldiers up somewhat, and the play after this was very evenly contested, McHugh finally putting his side level. The half time whistle went with the score 1-1.

Play from the restart was very fast, each side trying hard to draw ahead. After about ten minutes' play, the Sailors managed to beat the Gunners' goal. After this, though the R.G.A. tried their utmost, there was no further scoring. Full time went with the Sailors victors of a fine game by the odd goal in 3.

WILLS v. POLICE.

A great game was expected in this match, and expectations were certainly justified. Played on the Navy Ground, the match attracted quite a considerable gate. A very fine, fast and clean game was witnessed in which the Soldiers just managed to win a hard fought game by the single goal.

The Soldiers won the toss. The Police kicked off, but from the start the Wills got possession, and without further ado began to go all out for a score. The Police defence having a very warm time of it in the first few minutes of play. The Police held out, however, and not to be behind-hand paid a hasty visit to the Gunners' goal, where they found the defence very much at home. Thus again the Police were put upon the defensive. After half the first half had thus passed in fair give and take, the Wills scored, Swanborough shooting twice in succession and heading the Police goal at his second attempt. The game was drawing all the way after this without any further score.

KOWLOON v. ATHLETIC.

Played on the Navy Ground, the match attracted the record gate of 1,000. Both teams were evenly matched, and the game was a very close one. The Wills scored twice in the first half, and the Athletic scored once in the second half. The game was a very close one, and the Wills won by a single goal.

The fast tricky game expected took place, both sides having the greatest respect for each other's talents and playing accordingly. Kicking off, the Kowloon forwards were the first to become dangerous. After saving a shot the Chinese goalie punted well up, and the Chinese attacked in fine style. After this exchange of courtesies play was of a see-saw nature, both goalies being kept busy in rapid succession. After thirty-five minutes of fast, even play the teams crossed over with a blank score.

The Chinese kept the Kowloon on the defensive from the kick off the second half and Crocker had to work like a nigger to keep his goal intact. Some of the saves he brought off were really extraordinary. After keeping Kowloon bottled up for a considerable time without scoring, the Chinese attack broke down and the Kowloon forwards bucked up, but their shooting was not convincing and they missed easy chances. The whistle for full time went with Chinese still pressing for a goal.

SECOND DIVISION.

Staffs	4	Punjabis	0
R.G.A.	4	Club Res.	0
"Carlisle"	3	Oilers	0
St. Joseph's	3	United	1
Indians	2	Recreio	1
Kowloon	1	Athletic	1

STAFFS v. PUNJABIS.

Despite their frequent reversals the Punjabis are to be congratulated on the way they come up smiling after each defeat to put up a hard fight each time afterwards. With the practice in League Football they are now getting there is no doubt that they will give a better account of themselves in the near future. They went down again on Saturday, losing to the Staffs by 4 goals to nil after a grim struggle.

R.G.A. v. CLUB RES.

Playing in the first half with but ten men the Club Res. had to concede two goals to their opponents, and although they were reinforced by the eleventh man at the interval, the Gunners managed to score a further two. The Club did not play with the combination they have displayed recently.

"CARLISLE" OILERS.

After the form with which the Oilers have recently been playing it was rather disappointing to see the way they played against the "Carlisle," who deserved their win by three clear goals. The Oilers were rather unfortunate in losing one of their players in the second half.

ST. JOSEPH'S v. UNITED.

St. Joseph's added the United to their list of victims on Saturday. Though they played hard the United were up against a far better team and the final score of 3-1 in favour of the College was far from being a good indication of the run of play, the United seldom if ever being on the offensive right through the match.

INDIANS v. RECREIO.

The Club Recreio have fallen off from the form exhibited in their first few matches. It is not very surprising that they were defeated by the Indians whose play has been very much on the mend in their last few matches. The Indians certainly deserved their 2-1 victory on Saturday.

Mr. Hollands refereed.

KOWLOON v. ATHLETIC.

Kowloon showed a slight improvement on Saturday in their combination and general play. The Chinese put up a good exhibition in the first half scoring once, but this in no way deterred Kowloon who equalized early in the second half, and thereafter kept the Chinese defence busy right up to full time.

LEAGUE CRICKET.

K.C.C. v. I.R.C.

These two teams met at Kina's Park on Saturday afternoon, and an interesting game resulted in a win for the K.C.C. by four wickets. Low scoring was the order of the day, and although several players of both sides made double figures, the half century mark was never passed. E. L. Braga (K.C.C. 49) and K. Khan (I.R.C. 33) were their respective side's chief contributors.

FRIENDLY MATCH.

H.K.C.C. v. R.E. & I.A.

The Hongkong Cricket Club and the Royal Engineers and Indian Army played a very interesting friendly match on the H.K.C.C. ground on Saturday afternoon. A close game, which like all the league matches was notable for its bowling feats, resulted in the Club men winning by the small margin of 27 runs. The scores were—

MAN SEEKS MOTHER'S MURDERER IN
HONGKONG.

A man murdered my mother in the country and escaped to Hongkong. I came here to avenge my mother's death," said a Chinese youth to Magistrate Smith this morning when charged by Inspector Aris with the unlawful possession of a dagger.

Replying to the Magistrate, the accused said he did not know where his enemy lived, but was told that he worked as a fitter in the Kowloon Docks.

Inspector Aris said that about 10 p.m. yesterday, two district watchmen having noticed the accused and three other men acting in a suspicious manner in Cook Street, followed them. When the suspects became aware that they were being followed they took to their heels. Chase was given, and the accused was caught. The dagger was found concealed in his girdle.

The Magistrate decided to convict. The Inspector proved a conviction for larceny, and sentence of nine months' hard labour was passed.

WEST RIVER.

NEW REGULATIONS.

STEAMERS TO BE SEARCHED.

The following was handed to Shipmasters at Wuchow on December 17 by their respective agents.

It is recommended that a copy of these rules be taken by each of the shipping firms for the information of the masters of their vessels.

The Provincial Authorities, considering it necessary to carry out military inspection of all incoming vessels, have formulated the following six rules, which masters are recommended to abide by. It is hoped that in ordinary circumstances delay will be trifling and that anchoring will not be resorted to. The exact date from which inspection will be enforced will be notified in due course.

RULES.

(1) The place for inspection will be at Mo Chung How, on the South side of the river.

(2) All incoming Canton and Hongkong vessels on arrival at the vicinity of the Inspection Station, must blow two whistles, slow down and await the coming on board of the Inspection Officer. Should there be anything of importance, the vessel concerned is to anchor, at once until the examination is finished. If nothing wrong is found she may proceed.

(3) Searching will be conducted discreetly under the direction of an Officer and no trouble should be caused. Should any one (of the searching party) be found to offend the complainants are permitted to come to the Yamen and lodge a complaint. On the other hand, all vessels must be ready to receive the appointed soldiers to carry out the searching and must pay heed, and not proceed ahead that misunderstandings may be avoided. In the case of any vessels refusing to stop and await search, thereby causing the defending troops to fire on her the responsibility will not be on the troops.

(4) Arms and ammunition imported by any vessel without the sanction of the Government of this province are able to be confiscated pending further decision.

(5) Any vessel clandestinely importing dangerous goods detrimental to the local peace will, so soon as discovered be detained for punishment and the goods will be confiscated.

(6) Passengers found concealing on board arms, ammunition and other dangerous goods will be arrested for trial so as to prevent the coming in of traitors, and in order to maintain the public peace.

The above rules bore no signature.

STOLEN MOTOR CAR.

IDENTIFICATION QUESTION.

MAGISTRATE'S DUTY TO THE PUBLIC.

The three Chinese charged with the theft of a motor car from a godown in Irving Street were again before Magistrate Orme on Saturday when Mr. Grist, for the defence, submitted that he had no case to answer on the ground that the car had not been rightly identified. Counsel said that it was necessary in an indictment that the property should be alleged to be the property of a certain person, and furthermore, it must be proved that the property stolen was the property of the complainant mentioned in the charge. The complainant in this case did not claim the car as his.

The Magistrate: He has not had time to complete his identification of the car. As the charge did not specify any particular car or number, I cannot drop the case at this juncture. The only thing I am concerned about at present is that there was a car in Irving Street but now is gone.

After further argument by Counsel, the register of car licences was produced showing that the car found in Canton could not be the one stolen from Irving Street.

Mr. Grist again asked that the case be dismissed.

Inspector Kent suggested that evidence as to the possibility of a car engine number being changed might be material.

Remarking that he had a duty to perform to the public as well as to the accused, the Magistrate said that he would remand the case for a few days for further enquiries. No doubt if by the next hearing the police have not succeeded in getting fresh evidence, they would withdraw the charge.

The case was remanded until Wednesday.

AFFAIR AT WUCHOW.

BRITISH PAUL HELD.

KWONGSI TROOPS SEEK PAY.

The following account of an incident at Wuchow on December 17th, in which Kwangsi soldiers used threats of force in an effort to obtain their pay, is obtained from a shipmaster:

On our arrival at Wuchow we found the front of our Paal Occupied by a river gunboat flying the Chinese Admiralty flag. Attached to her were 6 large cargo boats full of Kwangsi soldiers. We were hailed from the Paal and ordered to anchor off. Landed all passengers in sampans. The soldiers alongside the Paal are returning Kwangsi troops bound further inland into the province. They are afraid they will be taken on and disbanded without their pay which is somewhat in arrears and so have blocked the work of the only British Paal that has a boat here in order to make their own authorities move more quickly. The nearest British gunboat is the boat "Moth" and she is at present at Samchut—125 miles away.

The Captain went to the Commissioner of Customs to protest against the occupation of the Paal but received no satisfaction. He then went on board the towing Chinese gunboat and was received courteously and was told that the soldiers were entirely in charge of the situation, threatening to fire on the gunboat should she attempt to move off until their monetary demands were satisfied. The officer in Charge stated that an official was at the Bank and that an endeavour would be made to clear off from the Paal in two hours.

The Paal was cleared in the time stipulated by the soldiers gunboats and cargo boats but so far as can be ascertained no money had been paid to the soldiers up to 5 p.m. on 17th, so that the trouble is by no means at an end.

At an extraordinary meeting of shareholders of Messrs. Hall & Holtz, Ltd., at Shanghai last week resolutions were passed authorising the Directors to raise the sum of Tls. 125,000 by the issue of debentures.

At the Royal Naval Hospital yesterday evening, the death occurred, after a short illness, of Sergeant Titmas, of the Kowloon Naval Yard Police. Sergeant Titmas, who came to the Colony from London about nine years ago, leaves a widow for whom much sympathy will be felt. The funeral passes the Monument to-day at 5 p.m.

When a Chinese was this morning charged before Magistrate Smith with unlawfully attempting to export 90 Hongkong silver dollars, he denied that he had any intention of leaving the Colony. He said that he went to the Hsu Tak wharf yesterday to see a friend off. Inspector Blackman, who prosecuted asked for permission to withdraw the charge, promising to see that the accused changed the silver into notes. The Magistrate accordingly discharged the accused.

LOCAL AND GENERAL.

To-night the Bandman Comedy Company open their season in the Theatre Royal with "The Rotters," one of the most delightful comedies of their extensive repertoire.

Messrs. Calbeck, MacGregor & Co., the local agents, have received a telegram from London stating that Bollinger Champagne was among the wine used on December 7 at the Guildhall Luncheon in honour of the Prince of Wales.

The new Portuguese building was designed by the late Mr. F. Endell Rosser, Architect, M.S.A., and the necessary working drawings and details have been prepared by Mr. A. G. Hewitt, Lic. R.I.B.A., who has been appointed by the Committee of the Lusitano Club to carry out the work.

His many friends will be interested to know that Mr. J. O. Sheppard, the acting Manager of the Pacific Mail Steamship Co. at Hongkong, who recently went on furlough, will not come back to the Far East. He will most probably be stationed at San Francisco, which is a promotion for him.

The offices of the Supreme Court will be open daily from 10 a.m. to 1 p.m. during the Christmas vacation, except on public and general holidays, when the offices will be entirely closed. The Christmas vacation commences on the 24th instant and terminates on the 1st day of January, (both days inclusive).

We are requested to publish the following translation of a telegram from His Excellency the Governor of Macao to Mr. E. J. Noronha, President of the Club de Recreio, following:—"To you, to the Committee, and to all the members of the Club de Recreio I send my heartfelt thanks for the many courtesies you have extended to me. Governor."

About 150 Chinese students, including a young woman who will study surgery, sailed for France on the M.M.s.s. "Chiff" on Saturday afternoon. With the exception of six Cantonese, the students are all from Szechuen, Hupeh, Kiangsi, Yunnan and Shanghai, where they were graduated from Chinese schools and obtained an elementary knowledge of English.

Nineteen women and girls and thirty-three men and boys—a record number for one occasion for some years past now—were confirmed by the Bishop of Victoria in the presence of a large congregation at an impressive service in the Cathedral last night. In a brief address to the candidates, the Bishop laid stress on the importance of the step and its significance in after life.

Approached by the Chairman of the Tea House Workmen's Society on behalf of many Chinese labour societies in the Colony who wish to mark the departure on home leave, the Hon. Mr. E. R. Hallifax, Secretary for Chinese Affairs strongly declined to accept any present and urged that the workmen should spend

no money in the matter. It is understood, however, that the various Labour Societies have, however, appointed the Boarding House Society to raise subscriptions for the purchase of a fine piece of embroidery to be presented to Mr. Hallifax to mark their appreciation of his good work for the working classes.

There were large congregations present in the Union Church, Kennedy Road, at both services yesterday to bid farewell to the Rev. G. J. Williams, who preached in the morning on "The New Internationalism, the League of Nations and the Kingdom of God." Mr. Williams urged that the League of Nations, in spite of any defects, was a practical first step in the direction of establishing the Kingdom of God. In the evening, preaching from the text "Be thou faithful unto death," Mr. Williams said that if any place needed a Church that would be faithful unto the end it was Hongkong, where men and women were face to face, every day of their lives with all manner of non-Christian assumptions, principles and practices. The principles of Christianity alone he said, contained the solution of the world's dire need at this time, when tremendous social changes threatened the complete disorganisation of human society.
